

## New Temporary Access Info Guide

### Changes to Temporary Access:

- No more 'Temporary Access' tab in the left hand navigation  
(students will not need a Temporary Access Code)
- Two-step process to get 21 days of Temporary Access
- 21 days of Temporary Access will begin on the day that the student registers for Temporary Access, regardless of Term Start Date  
(previously, Temporary Access was aligned with Term Start Date)

### Registering for Access:

- Students will be prompted with 3 enrollment options to gain access to their course:
  1. *Pay Later*
  2. *Access Code*
  3. *Buy Now*

---

### 1. Registering for Temporary Access – *Pay Later*

- Students who do not yet have a purchased access code, and who do not wish to purchase access to their course directly, can choose the 'Pay Later' option to gain Temporary Access to their Course:

The screenshot shows the Pearson registration interface. At the top, the Pearson logo is on the left, and 'Steps to Register' is on the right. Below 'Steps to Register', there are two progress indicators: a yellow circle labeled 'Product Selection' and a grey circle labeled 'Confirmation & Summary'. The main content area is titled 'Product Selection' and includes a blue bar with the text 'Enrollment Options'. Below this bar, a message states: 'You can access your course by using an access code, by buying online, or by requesting temporary access (if available)'. There are three radio button options: 'Access Code', 'Buy Now', and 'Pay Later'. The 'Pay Later' option is selected. Below the options, a note reads: 'Get temporary access to your course for 21 days without payment. You will be prompted to pay by credit card or with an access code once your temporary access period has expired on 05/15/2015.' A small red asterisk icon and the text '\* Fields are required' are visible in the top right corner of the form area.

- Students will now have access to the course for 21 days using Temporary Access, and are given the date that their Temporary Access will expire:
